Optrel Panoramaxx Auto Darkening Welding Helmet

Work without interruption with the upgraded Panoramaxx Quattro. With the latest in welding protection technology, this new helmet series will result in increases in quality and efficiency thanks to its large field of vision, crystal clear optics and patented Shadetronic and Fadetronic system. With five sensors, grinding mode and the latest in digital electronics this helmet ensures you are covered in all applications. Thanks to the ergonomic design of the perfectly fitting optrel IsoFit® headgear, the Panoramaxx is light as a feather and fatigue-free. Maximise your horizons with the welding helmet which is as versatile as you.
