This is *MOTION*

Tailored solutions keeping New Zealand in Motion.

New Zealand's most trusted industrial brands – SAECOWilson, Seal Innovations, HCD Flow Technology, Bay Engineers Supplies, Hose Supplies, and more – **are now united under one name: Motion.**

With end-to-end solutions across bearings, power transmission, industrial consumables, fluid power, tools, and conveyance, we reduce downtime, boost performance, and keep critical industries moving.

Industrial Solutions

Motion's Industrial Consumables supply offers a comprehensive range of high-quality products designed to keep your operations running smoothly.

From fasteners and abrasives to cutting tools and safety equipment, we provide reliable, ready-to-use solutions that meet the demands of diverse industries, backed by expert support and efficient delivery.

Fluid Power Solutions

Over 40 years experience dealing in fluid handling operations.

We take pride in representing and distributing products from leading global manufacturers and we're committed to providing a high level of customer service and technical support.

Conveyance Solutions

Motion Conveyance Solutions is your premier conveyance partner. We provide value-added solutions and services, specialising in critical moving parts, conveyor belting, and field services.

Whether you know exactly what you're looking for, or have a conveyance goal in mind, our team is ready to support your project today.

Engineering & Services

Motion's Engineering & Services delivers expert solutions tailored to optimise your operations.

Our team combines deep industry knowledge with innovative technology to provide precision engineered components, custom system design, and responsive maintenance services.

ENGINEERING CONSUMABLES

- Abrasives, Adhesives, Sealants & Fillers
- Hand & Power Tools
- Hygiene & Cleaning
- Lubricants & Lubrication
- Machinery & Workshop Tools
- Paints, Marking, Tapes & Packing

BEARINGS

- Agricultural Bearings
- Deep Groove Bearings
- Linear Motion
- Plummer Blocks
- Precision & Self-Aligning Bearings
- Slewing Rings

POWER TRANSMISSION

- Belts & Pulleys
- Chain & Sprockets
- Gearboxes & Motors
- Transmission Couplings

SAFETY

- Fall & Confined Space Protection
- Personal Protection Equipment
- Site & Environmental Safety

SEALS & GASKETS

- Custom Design
- Hydraulic & Pneumatic Seals
- Machined Seals
- Mechanical Seals & Refurbishment
- O-Rings & V-Rings

WELDING SUPPLY

- MMA MIG & TIG Welding Machines
- MIG & Tig Wire
- Electrodes
- Helmets & PAPR Helmet Systems

HOSES

- Rubber, PVC, PTFE & Stainless Steel
- Layflat Hose
- Composite Hose
- Ducting

COUPLINGS & FITTINGS

- Camlocks
- Bauer, Claw & Quick Connect
- Sanitary
- Brass, Plastic, Galvanised & Stainless Steel
- Nozzles
- Victaulic

PUMPS & REELS

- Hose Reels
- Fuel Pumps & Nozzles
- Oil Pumps & Nozzles
- Fuel Dispensers & Filters
- Fluid Monitoring
- Diaphragm & Centrifugal Pumps
- Flow Meters
- Hand & Drum Pumps

VALVES & ACCESSORIES

- Ball Valves
- Gate & Knife Gate Valves
- Check Valves
- Relief Valves
- Strainers & Gauges

EXPANSION JOINTS

- Metallic
- Seismic
- Rubber, Fabric & Teflon
- Custom Designed

LIGHTWEIGHT

- Food Grade Belts
- Modular Belts
- General Purpose Belting
- PVC Solid Woven
- PVC Econo
- Patterned Belting
- Belt Accessories & Fasteners
- Conveyor Rollers
- Belt Cleaners & Guides

HEAVYWEIGHT

- Belts Accessories
- Belt Fasteners
- Conveyor Rollers
- Belt Cleaners
- Guides

POWER TRANSMISSION

- Chain & Sprockets
- Couplings
- Electronics
- Reduction Boxes
- Thermoplastic Gears
- Vee Belts & Pulleys
- Timing Pulleys

CAPABILITIES

- CNC Customised Gasket and Seal Manufacture
- Gearbox Repairs
- Mechanical CAD
- Specialist design
- FEA and Motion Control
- Bespoke Machinery Design
- Specialist Site Maintenance
- Welding, Machining & Hose Testing

Specialist design and engineering, manufacturing, repair and maintenance services.
